- **The hayride begins with an introduction to the Farm's history, beginning with an overview of the Nisenan Maidu Native Americans who populated the surrounding area through the Farm's modern 120 year history of continuous farming (from harvesting oak wood in the 1880s, into a mixed orchard, bee-keeping, then a turkey farm, dairy and finally a pumpkin farm since 1974).**
- **A presentation of the Farm's extensive antique farm equipment which covers farming implements from the horse drawn era to the dawn of industrial farming of the 1950s.**
- **A discussion of other points of interest throughout the Farm, including 100 year old fruit & olive orchards, old turkey barns, fun scarecrow displays, wild turkey residents and barn owl nests.**

**This curriculum is flexible for class levels from Pre/K up to Middle School and also includes the traditional Pumpkin Farm activities in the following sequence which typically covers 1 1/2 hours:**

- 1) Teacher/group check in and distribution of field trip passes**
- 2) Farmer presenter-led hayride through our 16 acres of pumpkin, corn and blooming sunflower field**
